a few local matters and adjourned.
Outside of the Campbell matter there was but little of public interest in the House. Almost the entire portion of both sessions of that body was devoted to the consideration of the Campbell case, and while a few bills were offered at the first session and others given their constitutional readings in the afternoon, there was nothing in any of them of sweeping public moment.

DR. DREWRY'S LETTER.

Dr. Drewry wrote as follows:
Petersburg, Va., Mch. 8, 1903.
Hon. Go. B. Keezell, Acting Chalrman of Committee on Public Institutions, Senate of Virginia, Richmond, Va.:
Dear Sir.—I respectfully request that the Committee on Public Institutions, to which I understand has been referred a letter written Senator Barksdale by Dr. R. B Styll, formerly an assistant physician at this hospital, and one written Dr. Styll by a negro. Radolph H. Reese, who was recently discharged from the hospital for gross misconduct towards a female employe, investigate at once the charges contained in these letters. I would have you summon Dr. Styll, Reese and any others who may wish to prefer charges or to testify against the management of the institution or any of its officials. All the officers heartly concur in this request. The board of directors alse desire a full investigation. Furthermore, a prompt and full investigation, in any manner the Legislature may deem proper, of the management of the hospital, the expenditure of money, she business affairs, the care and treatment the creumstances, due the hospital, myself and all others connected with the institution, We have absolutely nothing to conceal.

Dear Sir.—I have read the article in the News-Lender of this evening containing reflection upon the management of the Ceptral State Hospital.

This article refers to charges involving the management of the hospital made by Dr. R. "Styll, who, four years ago, was an assistant physician of the hospital. I beg that you will immediately set on foot an investigation of these charges, and I also request that the Legislature may make a thorough investigation of this institution as to its moral, business financial and medical management; and I feel well "assured that such avestigations will result in removing the reflections past upon the hospital by the charges referred to. MR. M'ILWAINE'S SPEECH.

Mr. McIlwaine said hast this is the first time any charge whatsoever has been made reflecting upon the institution. He did not think there was any foundation for the reflection upon the management, but if there was any foundation for the reflection upon the management, but if there was it should be made known, He promised that the officers and directors would do all within their power to expedite an investigation. He moved that the Committee on Public Institutions, and be empowered to send for persons and papers. This was unanimously adopted. Mr. Keczell will call the committee for a meeting on Wednesday, when the line of procedure will be mapped out. AS TO CITIES AND TOWNS.

The Legislative committees are beginning to bring forth fruits of the arduous labors in which they have been engaged of revising the laws and making them conform to the new Constitution. Senator Halsey, of Lynchburg, this morning introduced as the report of the sub-committee having the subject in charge, a voluminous bill to amend and re-enact Chapter 44 of the Code relating to cities and towns. The sub-committee is composed of Messrs. Halsey, Chapman and Bruce. The proposed changes in existing laws are numerous and important, but it is not designed to make other changes than those required by the Constitution. The bill also contains all existing statutes on the subject as contained in the Code, Pollard's Supplement and the various volumes of the Acts of Assembly. The patrons of the bill do not consider it a perfect measure, but they do think it a sufficient basis to begin work on, and hope that the various city attorneys of the State will give it their careful attention and suggests such changes assem to them sufficient basis to begin work on, and hope that the various city attorneys of the State will give it their careful attention and suggest such changes as seem to them

and Their Horrible,

#### Interest in Missionary Work-Meet-KNOCKED ing of the Union-Other

The restraining influence of the new usiness committees of the Ministerial Union was promptly seen yesterday a

the first session of the body held under the new order of things.

After the regular business of the day had been transacted and the time had arrived for the prosentation of new matters, the Roy, Henry Pearce Atkins arose to move the appointment of a committee of three to visit the Times-Dispatch and request that church notices published in the regular advertising columns of the paper/be printed hereafter free of cost. He said everybody was interested in the notices, and that they amounted practically to news items. In view of this fact, he didn't think the pasters should be made to pay for them.

Dr. John Hannen arose, and, in a characteristic manner, opposed the motion.

TO CLIP

THEIR WOOL

Dr. Hannon Says Preachers

Should Pay Newspapers.

A PAPER BY MR. CAVE

Dr. John Hannon arose, and, in a characteristic manner, opposed the motion. He referred to the fact that the papers had been uniformly kind and courteous to the ministers and churches. "It is true," said the paster of Union Station, that I want to get everything at gospel prices, but I think the newspapers ought to be allowed to clip a little wool off the sheep. They have given us enough for nothing."

Quite a little discussion arose. The

sheep. They have given us enough for nothing."

Quite a little discussion arose. The point of order was raised that the matter could not be brought up in the Union until it was first referred to the business committee. It was finally decided with some difference of opinion that questions of the sort would have to go first to the committee before they could ever be enacted on the floor. The motion was thereupon withdrawn by Mr. Atkins.

REPORT OF COMMITTEE.

Beyond this the much-discussed question did not crop out at all. As anticipated, nothing was heard of the resolution adopted by the Episcopal clericus, and the secretary announced that the clericus had appointed a member of the committee in the person of Dr. R. A. Goodwin, It was also stated by the secretary that Dr. Paul L. Menzel, who was present, had indicated that he "would fall in line with us."

Thereafter the committee made its first report, announcing that it had decided to hold meetings regularly after each assion of the Union. Special meetings may be called by the chairman upon his own motion or upon the request of two members. As yet no matters had been referred to the committee. It recommended, however, that a special committee of one minister from each denomination be appointed to arrange for the May Festival for Christian Unity, and that the subject at that meeting be "The by the chair: Roys. M. Ashby Jones, H. P. Atkins, T. H. Semmes, Tim Lehmann,

ment, when some waste baskets will surely be opened.

"It is a fact that many a preacher performs the office of lightning-rod for his church, insuring his congregation against ever being struck by a missionary secretary or any special request from the board for an offering. I have heard of a church where the pastor's wife was elected president of the Woman's Missionary Society with the hope of getting the pastor interested in missions."

OTHER BUSINESS.

The Rev. Tim Lehmann, assistant to Dr. Paul L. Menzel, was elected a member of the Union.

Dr. H. W. Battle was introduced and was recognized on the floor. Dr. Battle goes shortly to North Carolina, and he gave his brethren an affectionate farewell.

The Rev. J. P. Ostebaut, of Rhode Island, was also introduced to the body.

The paster, Dr. Johnson, in a casual way, asked the scholars the previous Sunday for the sum of about \$30 to purchase the chairs, but not being content with raising this small amount, when the total was summed up it was found that nearly \$60 was raised—twice the amount asked for.

#### RICHMOND ENDORSES MUNYON'S GRAND WORK

Druggists Kept Busy Handing Out His Wonderful Remedies.

It is simply wonderful, said Munyon's representative, to watch the growth of the public confidence in our new method of treating disease. About ten years ago we began our first free distribution of Munyon's remedies. At that time very few persons had over heard the name before; but his honest, frank and fearless letter to the press demanding a public investigation of his claims opened their eyes to the fact that there was at least one medical company in the world, who eyes to the fact that there was a years one medical company in the world, who had the honest conviction of the value of their remedies, and believed that they had discovered positive cures for disease, and nearly 7,000 people in Richmond called to test his liberal offer of free dis-tribution. tribution.

Curiosity may have prompted some and others may have thought there was something behind this liberal offer. Most, no doubt, doubting the existence of reme-dies that were guaranteed to cure 90 dies that were guaranteed to cure 90 per cent, of those who tried them; but when they found that Professor Munyon was in earnest, accepted their free sample and left with the determination to give the remedy a fair test. What is the result so far? Testimonials are coming in from all sides reporting the wonderful cures effected, and Munyon's New School of Medicine is again the topic of conversation.
